Profile

As junior software engineer, I am dedicated to driving team success through my hard work, attention to detail, and organizational abilities. I am passionate about learning and growing in the tech industry, and I leverage my past experience in Healthcare to bring valuable soft skills like: teamwork, adaptability, problem solving skill and initiative to the table. I have hands-on experience in Python, Machine Learning and SQL, as well as solid knowledge of essential web development technologies such as JavaScript.

Education

BSc Healthcare & Health Sci.

The Open University

2015 - 2018

Remote

Data Science Bootcamp

HyperionDev
